1. **Size:** Ocarinas come in a variety of sizes, from small pendants to large bass ocarinas. The size of the ocarina will affect its pitch and volume.
2. **Material:** Ocarinas can be made from a variety of materials, including ceramic, plastic, and wood. The material of the ocarina will affect its sound quality.
3. **Number of holes:** Ocarinas can have anywhere from four to twelve holes. The number of holes will affect the range of notes that the ocarina can play.

Once you have considered these factors, you can start shopping for an ocarina. There are many places to buy ocarinas, both online and in person. If you are buying an ocarina online, be sure to read the reviews before making a purchase.

Learning the Basics of Playing

Once you have your ocarina, it is time to learn how to play it. The first step is to learn how to hold the ocarina. The ocarina is typically held in the left hand, with the thumb covering the hole at the bottom of the instrument. The other four fingers cover the holes on the top of the instrument.

The next step is to learn how to blow into the ocarina. The ocarina is blown into through the mouthpiece, which is located at the top of the instrument. The air should be blown into the mouthpiece in a steady stream.

Once you have mastered the basics of holding and blowing the ocarina, you can start learning how to play notes. The notes on the ocarina are played by covering and uncovering the holes on the top of the instrument.

The following diagram shows the fingerings for the notes on a six-hole ocarina:

Once you have learned the fingerings for the notes, you can start practicing songs. There are many different songs that can be played on the ocarina, from simple melodies to complex classical pieces. You can find sheet music for ocarina songs online or in music books.

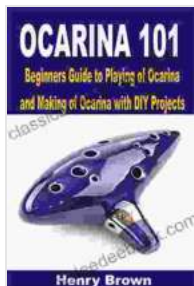

Making Your Own Ocarina

If you are interested in making your own ocarina, there are many different DIY projects available. The following are some of the most popular methods for making an ocarina:

1. **Ceramic ocarinas:** Ceramic ocarinas are made from clay that is fired in a kiln. This is the traditional method for making ocarinas, and it can be a very rewarding experience.
2. **Plastic ocarinas:** Plastic ocarinas are made from plastic resin that is poured into a mold. This is a relatively easy method for making an ocarina, and it can be a good option for beginners.
3. **Wood ocarinas:** Wood ocarinas are made from wood that is carved into shape. This is a more difficult method for making an ocarina, but it can produce beautiful results.

Whichever method you choose, making your own ocarina can be a fun and rewarding experience. It is a great way to learn more about the instrument and to create a unique piece of music.

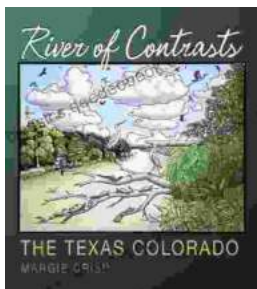

The ocarina is a beautiful and versatile instrument that can be enjoyed by people of all ages. It is relatively easy to learn to play, and it can be a very rewarding experience. Whether you choose to buy an ocarina or make your own, we hope that you will enjoy playing this wonderful instrument.
